## RESIGNATION OF H. W. RILEY

Deputy Provincial Secretary for Alberta will Relinquish his Post at Early Date.

### AND REMOVE TO CALGARY

Has Held Post Since Inauguration and Been a Prominent and Useful Edmontonian in Many Ways

The Capital learned this morning that the resignation of Harold W. Riley has been received by the government. Mr. Riley has held the position of Deputy Provincial Secretary since the inauguration of the Alberta government four years ago, and is now resigning to enter on a real estate and brokerage business in Calgary. Besides the many duties of his official position, Mr. Riley has been prominent in educational and religious circles in Edmonton. He has been a very active member of All Saints' Church. In addition to his regular duties, he has acted as secretary to the University Senate and the details of organization in connection with that body have been for the most part in his hands.

Mr. Riley's home was formerly at Calgary, his father being one of the early settlers on the outskirts of that city. Mr. E. H. Riley, M.P.P. for Gleichen, is his brother. Both in his public and private capacity he has been a valued citizen and his departure will be much regretted. The resignation will take effect in the course of a few weeks.

### Renfrew Wins Another.

Renfrew, Jan. 29.—The Shamrock of Montreal played here last evening and were defeated by the home team in a one-sided game, by a score of 10 to 2. Jack Winchester and Bert Boulton were on the Shamrock line-up, and Fred. Whitcroft starred for Renfrew.

## VOTING ENDS ON MONDAY

But Nine More Seats to Report and Government has a Majority of 121

### ONE MORE UNIONIST GAIN

Liberals as a Distinct Party Have 271 Seats to Their Credit, Unionists 270, Nationalists 80, Laborites 40

London, Jan. 29.—Only one more Canadian candidate has to learn whether or not he will sit in the new House of Commons. He is Foster Boulton, of the Boulton family of Toronto, who won a seat in Ramsey Division of Huntingdon in the last election as a Liberal, by a majority of 381. As things are now going, Mr. Boulton is leading a forlorn hope. Through great crowds still gather around the bulletin boards in Fleet street, the joyous abandon of a few days ago when the result was in doubt is no longer noticeable. The greatest election show since 1832 will be definitely withdrawn on Monday and football and roller skating will come into their own again.

Today for the first time since the elections for parliament were begun returns show the Liberals as a party to be in the lead, independent of the Laborites and Irish Nationalists. They have an advantage of one over the Unionists. The positions of the parties this afternoon is: Liberals 271, Unionists 270, Irish Nationalists 80, Laborites 40. This gives the government coalition a majority of 121 over the Unionists.

### Thursday's Results.

The following seats were decided on Thursday:  
Derbyshire (Warkworth)—Kerry, Unionist, 5074; Hammers, Lib., 4,936. No change.  
Northumberland (Hexham)—Holt, Lib., 5,478; Bates, Unionist, 4,417. No change.  
Worcestershire (Oldbury)—Wilson, 8,371; Campbell, Unionist, 7,954.  
Devonshire (Barnstaple)—Soares, Lib., 6,295; Biddick, Unionist, 5,554. No change.  
Dorsetshire (Poole)—Guest, Lib., 6,957; Nicholson, Unionist, 6,531. No change.  
Hertfordshire (Watford)—Ward, Unionist, 8,782; Mickle, Lib., 7,231. Unionist gain.

## SERIOUS WRECK IN ENGLAND

Brighton-London Express Smashed up  
Eight Killed and Twenty Badly Injured

London, Eng. Jan. 29.—Eight persons were killed and twenty others were badly injured when an express train running between Brighton and London was wrecked at Stot's Nest station this afternoon. The express train was travelling at the rate of forty miles an hour when the locomotive fell the rails. The two front cars were flung across the platform while the Pullman following them was pitched into the air and fell on the station. The remainder of the train was smashed to pieces.

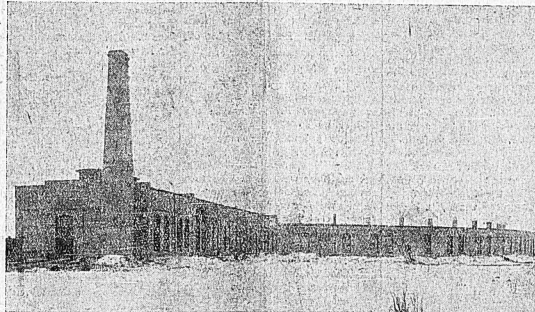

### A MILITARY SENSATION

Major of the Artillery at Halifax to be Tried by Special Tribunal

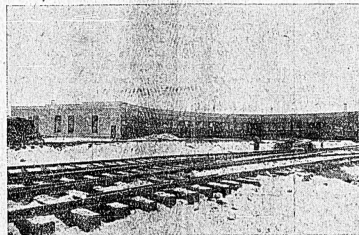

Halifax, Jan. 29.—Major Lennox Duppless of the Royal Canadian Artillery will shortly be tried by a military tribunal.

For a short time back bailiffs and collectors have been after the officer referred to and some personal belongings were to satisfy his creditors. When on furlough he was captivated by the belief that he was leaving the city. Duppless' against him were registered. But his latest trouble is from military sources. It is alleged to be indebtedness to some department of the service with which he was connected. Duppless' came from Quebec.

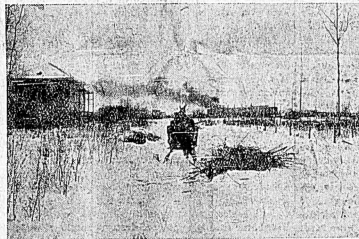

## OUT AT THE GRAND TRUNK SHOPS

Machine Shop in Foreground and Rear of Roundhouse

Front of Roundhouse

A view in Calder Subdivision, taken 450 yards from the roundhouse and shops. At least 25 buildings have been erected in this subdivision since October 1st

Six months from the grass roots tells the story of what the G. T. P. has done for northwest Edmonton. By August of last year, the steel of the new transcontinental line had not yet reached the city limits in its onward march. Everything on the two G. T. P. quarter sections was as virgin as the prairie grass could make it with the exception of the rudely constructed grade. The first week of September saw a beginning made on the construction of the round house and a machine shop which were completed by the beginning of December. This was the starting point. No sooner was this work under way than the real estate man turned the attention of the public to neighboring subdivisions. The rapid progress made on the erection of the buildings and the arrival of the steel head on its way westward set everything on the qui vive. A community sprang into birth and has been steadily growing ever since.

### G. T. P. Shops to Follow

While these structures are large they give an adequate conception of the ultimate magnitude of the G. T. P. car shops and yards in this city. It has been mentioned that the G. T. P. property forms the northern boundary of the city corporation. The main line of the G. T. P. is 400 feet south of the northern boundary. In this strip there will in time be located not only the round house and machine shop but the big car shops for which plans are now being completed in Winnipeg. The area to be covered will stretch from the western boundary across the whole of the west half of the property and over-lapping Park avenue, which the city has agreed to close. Work on this more elaborate scheme is expected to begin in the early spring.

### First Installment.

The G. T. P. shops and yards, let it be explained, are located on quarter sections 17 and 18 immediately east of the Hagman estate. The northern boundary of these quarters is the northern limit of the corporation. The first installment of what the G. T. P. will ultimately establish on this property was an 18 stall round house and an adjoining machine shop, of which views may be seen in the accompanying cuts. The round house has a radius from the centre of the turn-table to the outside wall of 200 feet. The measurement of the outside wall is 525 feet. At present the round house gives accommodation to five or six engines but the number will increase with the operation of the road farther and farther to the west. The machine shop has dimensions of

182 feet by 66 feet. Both buildings are constructed of steel, brick and concrete and are somewhat larger than what are located in the C. N. R. yards closer in to the city. Carter, Hall & Aldinger, of Winnipeg, contracted for the work and erected the buildings at a cost of approximately \$75,000.

### G. T. P. Shops to Follow

While these structures are large they give an adequate conception of the ultimate magnitude of the G. T. P. car shops and yards in this city. It has been mentioned that the G. T. P. property forms the northern boundary of the city corporation. The main line of the G. T. P. is 400 feet south of the northern boundary. In this strip there will in time be located not only the round house and machine shop but the big car shops for which plans are now being completed in Winnipeg. The area to be covered will stretch from the western boundary across the whole of the west half of the property and over-lapping Park avenue, which the city has agreed to close. Work on this more elaborate scheme is expected to begin in the early spring.

The Winnipeg shops involved an expenditure of \$250,000 for foundations, and \$200,000 for the wall work and roof. The Edmonton layout is said to rival what the G. T. P. has done for Winnipeg. There the cost of the equipment of the shops is estimated to have cost \$1,000,000. Edmonton has reason to expect a similar expenditure of funds. If the expectations of fat fall can still be held there will be 200 men at work on the erection of the shops throughout the year.

### Ninety Miles of Track

Nothing has been said as yet of that

portion of the G. T. P. quarter sections south of the main line. At the present time there are half-a-dozen side tracks laid out each about a mile in length. The space is sufficiently large to accommodate ninety miles of side-track when the demand is felt.

The G. T. P. now has an entrance to the city from both east and west. On the east a branch drops from the main line at the J. Y. Griffin packing plant, and practically parallels the C. N. R. into the city. On the west side the junction with the main line is midway between Twenty-first street and Park street; the spur running south on Twenty-first street to Mackenzie avenue and proceeding east paralleling the C. N. R. to the passenger terminal at First street. The distance between the two terminals is approximately five miles.

### A District of Homes

An outlay of such magnitude by the G. T. P. Railway, means much for the development of that portion of the city lying contiguous to the railway yards. The railway employees will require homes not only while the shops are in course of construction and the side tracks are being laid down, but all the more so when everything is in active operation. Realizing this a remarkable progress in building operations has already been made by those most closely interested. Numerous cottages and commodious homes have been erected, and inhabited.

### Calder

Calder subdivision begins 200 feet to the right of the roundhouse. In this subdivision the lots are 30 x 125 feet in size, the streets 66 feet and the lanes 20 feet wide. Mr. J. R.

## PARIS IS CROWDED WITH REFUGEES

Water Began to Recede at Two o'clock This Morning but Much Suffering Exists

## THRILLING INCIDENTS OF FLOOD

Rescue of Hospital Patients—People Crowd in from the Northern Districts—Help is Proposed from all Parts of the World

Paris, Jan. 29.—The waters of the River Seine, after having reached an unprecedented height and caused great destruction, began to recede today. The crest of the flood was reached at midnight. The waters remained stationary until two o'clock after which they fell slowly. At eight o'clock there had been a drop of two inches, according to statements issued this forenoon. During the night the storm clouds disappeared and the weather cleared. This morning the sun shone brightly.

### Drop in Stocks.

French stocks averaged a loss of thirty francs last week. The subway shares dropped 60 francs and all industrials were off. But considering the extent of the disaster, the drops are hardly as great as were anticipated.

Evidence of the conditions above the city came today in the shape of an urgent appeal from Charenton for food and fresh clothing for two thousand babies rescued at Alfortville and Ixny, who have been without clothing for four days.

The number of refugees arriving here is enormous. Charenton alone in 28,000 who had come there from Calais and other afflicted points.

### Thrilling Rescues.

Many thrilling rescues are recorded. The family of M. Barthe, former minister of public works, whose home in Avenue d'Antin is surrounded, were taken out on the backs of soldiers and rescued in boats. Many schools are closed because of the lack of heat. Public services are crippled. The mails are uncertain, telegraph lines down in every direction and communication with England, Holland, Denmark, Austria and many cities and towns in France is completely cut off. The telephone has been practically abandoned in Paris. Several hospitals are in a dreadful plight. The water is playing a rapid

part in the destruction of their walls. Four hundred patients were hurriedly removed in the ambulance from the Hospital de la Salpêtrière to Hospital Boucicaut. Their rescue was dramatic. Some were dying and aid came to them in the nick of time. The hospital was already isolated and a new rush of water threatened to level the walls.

While some of the soldiers were laying pontoons, others lifted on patients from the hospital. Two hundred were saved in boats, while the other two hundred were hurried across the pontoons on the backs of the soldiers.

### Help From Abroad.

The French government is deeply touched by the expressions of sympathy from abroad. King Victor Emmanuel and the Italian cabinet have sent a message of condolence, and Pope Pius has transmitted \$6,000 to Monsignor Amette, Archbishop of Paris, for sufferers in his archdiocese. Emperor Nicholas and the King of Belgium have sent \$2,000 each for the poor of Paris. Public subscriptions have been opened in Belgium for the flood sufferers. Expressions of sympathy are coming in from England, Germany and Austria, and President Simmons of the Chamber of Commerce in New York has telegraphed the American Chamber of Commerce here to convey the New York body's sympathy to the French nation.

President Fallières has received a cablegram from President Taft expressing the sympathy of the American people and asking if the assistance of the Red Cross is desired. Up to the general principle of accepting foreign aid it is understood that the government has reached no decision. The American Chamber of Commerce in Paris already has received \$35,000 for the sufferers. This does not include the \$20,000 given by J. Pierpont Morgan.

## MAY TURN OUT CASE OF MURDER

Villainous Assault on Two Old Women East of Norwood in Ontario

Norwood, Ont., Jan. 29.—What may prove to be a murder occurred yesterday morning two miles east of here when a strange man assaulted the Misses McPherson, two aged ladies with an axe. The elder, aged 75, is unconscious, and may die. The assailant, after being fed at their house, asked if they wanted to have any wood cut. Being answered in the negative, he left the house, but later reappeared. Securing an axe in the woodshed he forced his way into the house and struck the elder woman with it, probably fracturing her skull. Her sister, aged 67, came to her assistance and was also seriously hurt. The man, who evidently intended robbery, was frightened by a ring arriving. The women were later found by a neighbor. The assailant was arrested at Havelock. He said his name was Henderson and in admitting the attack said that his motive had been robbery.

### Another Body Found.

## DOES CANADA OWN THE POLE

Capt. Bernier Raises Question in New York—Plans for His Expedition

New York, Jan. 29.—The question of who has territorial possession of the North Pole has been again revived by Capt. Joseph Bernier of Canada, who is here to attend a dinner of the Arctic Club of America. Capt. Bernier will ask Sir Wilfrid Laurier, premier of Canada, to request England, the United States, Russia, Sweden, Norway and Denmark—all the maritime nations bordering on the Arctic Sea—to designate official representatives to accompany him on his forthcoming polar expedition which is leave Quebec July 15th next. The principal object of the expedition, he says, will be to divide the polar sea, in order that 6 and six other nations may by fishery rights properly defined the Bernier will visit both Crocker's him discovered by Peary in 1901 back Bradley Land, which Dr. Peary reported that he had sighted, a little raising the British flag, claim them formally and Dominion of Canada.

## SAINTS ARE GIVEN BANQUET

Deacons Entertain the Calgary Visitors After the Game—A Very Enjoyable Evening was Spent

After the hockey match last evening, the two teams, the officials, and a number of supporters from Calgary and Edmonton, sat down to a banquet at Hurry's Cafe. There were over 100 present and all did ample justice to the fine menu furnished by Bob Hurry. After the serious business of eating was over a chairman was appointed, and he called on Capt. Bill Banford to propose the toast of the evening, the St. Mary's Hockey Club. President Steve Clancey and "Bull" McLaughlin made eloquent replies saying that they had enjoyed the two matches with Deacons very much, and hoped to play many more in the near future.

Gordon Banford and McCannan then sang a few songs accompanied at the piano by Mr. Silas, who later played some rag time melodies with his customary cleverness.

The time was very agreeably passed and the hour getting late the evening was brought to a close by giving three cheers for Deacon White, the founder of the club, and singing God Save the King.

## THE LACOMBE GLOBE SPEAKS

The Last Few Words on the Famous Hockey Controversy That has Stirred Two Continents

The Lacombe Globe just to hand has a few pretty remarks to make on Oscar Hetta's letter-writing propensities. The account opens by saying: "A sport by the name of Hetta is sore about the way the recent Deacons-Lacombe game was refereed." Mr. Hetta is a stranger to the truth. The Lacombe scribe also alleges that Deacons started to rough it, but found to their regret that while Lacombe was partial to playing a gentleman's game, if he came to a pin they were there with the strenuous life. The scribe winds up by saying that if Oscar has any money to invest in a bet on a further game between the same two teams, there is a lot of the long green lying around loose in Lacombe that is looking to be covered.

Now is one grand chance to get back at this small-town crowd. We would suggest that Deacons just call this little bet and get the famous Thornton Bolt-Hetta-Deacons-Lacombe controversy settled for ever and aye. Lacombe will certainly have no objections to playing in Edmonton, and as they always play a gentleman's game except when they indulge in the strenuous life, why a nice clean match should be the result. As for the long green end of the matter, that can be quickly arranged between the supporters of the two teams—very quietly indeed, as betting is illegal in Edmonton.

## COWPUNCHERS NEW LINE-UP

Manager Bill Carney has Signed up Some Stars From the Coast League for 1910

Chandler, the Calgary ball player, has received a letter from Manager Bell Carney of the 1910 Cowpunchers in which he gives some idea of his prospective line-up. Should he be successful in signing up the men he desires, Calgary will be represented by a much stronger team than ever before. The fate of Smith, Standridge and Gochan hangs in the balance. Vancouver and Tacoma own these men, but if they do not require their services will turn them over to Calgary. In event of their staying in the North-Western League Carney has been assured of men equally as good. At present the line-up looks like: Stanley and Brooks, catchers; Gochan, Standridge, Hopkins and another pitcher; Kelleher, first base; Connors, second base; Morse, shortstop; Smith or Head, third base; Carney, left field; Baker, center field; and Cahill, right field.

The catchers are both from Vancouver and are well spoken of. Stanley is a veteran, and Brooks is a youngster who looks like a comer. Gochan and Standridge are well known to Edmontonians, the genial "Pete" vying with Chesty Cox as the favorite visiting ball player.

Hopkins is a find of Carney's. Kelleher is a recruit from Tacoma, a change catcher and a fair stickler. He bats either left or right-handed.

Bill Carney will again hold down second and his work is well known here. Pete Morse, the new short-stop, was last year the star of the inter-mountain league, playing third for Helena. California furnishes the new third sacker. Head by name and heady by nature. He was a former team-mate of Walter Johnson, the Washington American's star, on the Santa Anna Club.

Manager Carney will play left field and should make Calgary forget the Wild Bill Donovan and his rowdy tactics. Molly Baker holds down center garden, and Johnny Cahill, formerly with Seattle and Vancouver, will play right. Calgary seems to have garnered in a bunch of good 'uns, and we in Edmonton are eagerly awaiting Deacon White's return from New York, when we expect something definite will be given out regarding our own nine.

## WILL FORM TWO-MEN TEAMS

A New League will be Started at the Olympic Alloys Next Week

It has been decided to abandon the idea of another five-man team schedule at the Olympic Alloys for the present, and in the meantime Eddie Morris is making arrangements for a two-man league and the schedule will be available shortly. Three handsome sets of prizes will be put up and it is expected the competition will be keen. C. E. Morris and Sam Scheetz have each picked a team of six men and a terrible struggle will take place in a day or so. The prize is a supper and the losing team will act as hosts.

## LIP L'ARTHAH TALKS FIGHT

An Interesting Interview with John-son Who is Appearing in a Toronto Theatre This Week

Jack Johnson is in Toronto this week with a burlesque show, appearing at the Star Theatre. His sparring name is old Joe Walcott, the Barbados negro. Johnson speaking of his coming fight with Jeffries to The Telegram, said:

"I don't think the fight will last more than 10, or at most 15 rounds. Two big men like us—and we are both hard hitters—can't pound each other much longer than that without something happening in the knock-out line. There will be no stalling for fight pictures, or anything else."

"Jeffries will, I expect, force the fight, and if he doesn't I will make him mix it by carrying it to him. It is sure to be fast and furious, whether Jeffries likes it or not."

Speaking of his style and critics, he said he would easily settle any one of his having only one punch, and that by practical demonstration.

"I expect that Jeffries will be at least 10 to 9 favorite. Yes, I will have a good deal of money on myself. I have now \$5,000 and I want to go to 9, and my brother has \$5,000 more. And I will have as much more as I can get by my hands on. That shows how confident I am of winning."

Johnson has yet ten weeks of his theatrical tour to finish, but he does not purpose waiting until after that to begin work. "I am at 221½ pounds now, and I expect to fight at 198 or 200. I will do my first training work this afternoon in a run over the road with Simpson."

"After this tour I will spend a month at Chicago in training, and the next five weeks just before the fight I will be in camp at San Francisco or Salt Lake City."

"I expect the fight on July 4 to be at Salt Lake City. Rickard is pretty wise and I don't think he would go ahead and make the statements he has unless he felt sure of his ground. However, it doesn't make any difference to me. Either 'Prisco or Salt Lake will do me. I don't know who will be referee, but I think it will be Welch. He is a friend of Jeffries and I think he is the best and squarest in the business."

Speaking of his trouble at New York with a negro named Pinder, Johnson said that he didn't hit him, though he did strike at him. Pinder, he says, has gone out of his way for the past three years to insult him.

Johnson said his auto with him, but he remarked that he would get to settle a little auto-speeding controversy with the Bradford authorities left over from his visit last fall. In fixing the place on the programme Johnson tried to go on any place but last. He argued that when he went on last he was surrounded after the show by admiring friends and jeering foes.

"Little Joe Walcott, fat and pudgy with his 5 feet 1½ inches, looks like a midge beside Johnson's strong, heavily looking 6 feet ¼ inches, but Joe always did look a bit undersized at the start to grow like a giant as his fight progressed."

## JUST LIKE JOHN L. SULLIVAN

Johnson Gets Arrested, Drinks Champagne, and Speeds an Auto Just Like a Champion

Jack Johnson grows more like a champion every week. Last week he was smilingly listening to groans and hisses because he could hear above them the merry jingle of money in the box office. This week he sat on his heels, having in an absent-minded moment wiped up the scenery with a little black coin who hinted that in the good old days the growler tasted good to his ruby lips. How like the old stories they need to tell of that greatest of all champions, John L. Sullivan. He was aware of the fact that men who thrive on Kentucky Bourbon do not know how to assimilate the fizzy stuff that starts with a "pop" and ends in the wagon—Toronto Telegram.

## DEACONS WIN INTERESTING GAME

Take the St. Marys Team Into Camp by a Score of 6 to 1—Play is Fast at All Times

A crowd which taxed the capacity of the rink witnessed the game last evening between St. Marys of the Calgary City League and the Deacons, leaders in the local race. The ice was in good condition and the large audience seemed pleased with the fast play exhibited. Indeed the first twenty minutes of the game was about the fastest hockey seen in Edmonton for some time past. The puck went from end to end with lightning rapidity and the large crowd was keyed right up to the top notch of excitement.

St. Marys came up short three of their regular players, who found it impossible to get away from business. Weakened though they undoubtedly were by the absence of these men, the Saints put up a game fight and even when the score looked hopelessly against them, they still kept at it. The rink, being smaller than Sherman's, at Calgary, seemed strange to the visitors, and they hardly got a chance to show their great speed.

The two McLaughlin boys were the stars of the team, indeed the McLaughlins to the match without a single practice and showed up in fine style. For Deacons every man played brilliantly and we will discuss the individuals in "Notes on the game." The game was remarkably free from rough work, even three penalties being inflicted and those were for minor offences. Arnold Johnson as referee and Mr. Andrews as judge of play, kept the players well in hand.

The teams lined up:  
St. Mary's (1) Deacons (6)  
Goal: Asselyn ..... Allan  
Point: Walton ..... B. Banford  
McLaughlin ..... Aldous  
McLaughlin ..... Aldous  
Walper ..... McGannon  
Alex. McLaughlin ..... Gaveau  
Gillespie ..... G. Banford  
Green ..... Dea  
Referee—Glenie Johnston.  
Judge of Play—Dick Andrews.  
Tinner—Costello.  
Goal Judges—J. Sheppard and A. Smith.

Summary of Goals  
1. Deacons—Dea; 15 minutes.  
2. Deacons—Dea; 1 minute.  
3. St. Mary's—McLaughlin, 10 minutes.  
Second Half  
4. Deacons—C. Banford; 12 minutes  
5. Deacons—Dea; 8 minutes.  
6. Deacons—B. Banford; 2 minutes.  
7. Deacons—C. Banford; 7 minutes.  
Penalties  
McGannon, 2; B. Banford, 2, 2.

The Play  
A. McCue rushes and play is around Deacons goal for an instant. Then Bill and Mac rush and play gets fast. Gordon gets a chance but shoots wide. Play is now the fastest of the season and it is hard to keep track of the players. Walper and Green take down and Aldous checks hard. Play in Deacons end but Gordon gets puck and goes up ice. Again wide. Mac rushes, but nobody is there to take pass and Gillespie gets and runs down side, but Aldous sends him into the boards. C. Banford and Dea make a beautiful trip down but the whistle blows for an offside. Play now centres round St. Mary's goal and things look dangerous for the visitors. F. McLaughlin relieves the situation and passes to McGannon, who sails down like a comet, shoots and misses. Aldous gets puck and McLaughlin (the big one) gives him a pretty tumble. Mac and Bill rush. St. Mary's intercept the pass. Mac gets again and tries a long shot which Asselyn cuts up. Gaveau and Gordon take down again and Deacons are pressing hard. Dea makes a rush along the boards and rings in the first goal for Deacons in 13 minutes. Score 1—0. Green gets the puck from face off and tries a long shot. Easy money for Rusk. Dea again does his side shot specialty and the score board now reads: Deacons 2, St. Marys 0. Time: 1 minute actual play. G. Banford rushes. A. McCue steals and takes down, passes to Walper, but offside. Mac

## O, YOU MISSING TOOTH!

Fred Whitcroft Leaves One of His Snow White "Pearlies" on the Ice in Moral

Ottawa, Jan. 26.—The Renfrew hockey team, which had a lively experience at Montreal Saturday, was in Ottawa last night on its way back to the Creamery Town. Nearly every member of the team is scarred up, and, curiously enough, they all give thanks for their injuries to Joe Hall, the "bad man" of the Montreal Shamrocks, who was not banished from the game until he had battered up four or five of the Renfrew players as well as Judge of Play Kennedy.

Lester Patrick has a bad cut above the left eye, while Frank Patrick's lips are gashed. Fred Whitcroft is missing a front tooth, and Herb Jordan has a cut across the nose.

The Renfrew men claim that a deliberate attempt was made to rob them of victory, and will bring suit on the incidents that occurred before and after the game to the attention of the league.

They play the Shamrocks again at Renfrew on Friday, and the players are unanimous in praying that the National Association does not suspend or expel Hall in the meantime. Whitcroft offers 2 to 1 that Hall does not go to Renfrew.

Princeton men claim that a springing marvel has been unearthed at that college. P. T. Pendleton is the athlete's name, and he is capable of doing the century in 9 2-5 seconds. Some day he will meet Bobby Kerr or Receptor or Walker, and then—

and Pierre rush, but offside. Scrimmage in corner of rink from which Dea emerges with the disc. Six of Dea seem to tire a little and game is not so fast now. Mac takes up but a mighty slash breaks his stick and Calgary gets puck. Play in Saints' end. Gordon gets a neat display of stick handling and gives a tripped for his pains. P. T. Pendleton is in danger. F. McCue pretty puny run, shoots and misses. Nasty scrimmage in front of Deacon's goal and a sure score is averted by Rus. Allan. Gordon Banford takes puck out of danger and passes to Pierre who misses a nice shot. Dea and B. Banford display a nice combination and later shoots. Assen clears in good style. Dea again shoots from side and Gordon does same. F. McLaughlin gets puck, rushes and scores the Saints' first and last goal in ten minutes' actual play. Score 2—1.

Aldous and Dea take right up to Calgary goal, but offside. Mac gets two minutes for slugging after his goal and takes up ice. Dea gets puck and shoots from boards but is offside. GERMANS WIN  
61st VICTORYChampion Basketball Team of the  
World Wins Easy Victory from  
Hamilton

Buffalo, Jan. 26.—At Convention Hall last night the Germans scored their first straight victory, the Hamilton champions of Canada being the victims. The game was the best ever witnessed here. The Canadians were given a great reception when they ran out on the floor, and when the Germans appeared the applause was deafening. The local players scored first, and took a lead at the start, but the Hamiltons came right back, and it was towards the finish of the first half that the Germans took the sport and gained a comfortable lead, so that

when the first half ended, the score read Germans 21, Hamilton 7.  
The second half the Germans started with a rush. It was then that the Canadians took a sport and scored five goals in succession. It looked as though they would tie the score, but the Rambler aggregation started that old finish, and soon gained a big lead, and when the game ended led by twenty points and were just getting started to pass the ball around their opponents when the timer's whistle sounded.

LIBRARY FOR  
LIBERAL CLUBElection of Officers at Annual Meeting  
Last Evening—New Quarters  
on Monday

Young Liberals of Edmonton filled the club rooms to capacity last evening on the occasion of the annual meeting. Jas. A. McKinnon, the retiring president, occupied the chair and called for the reports of the secretary and treasurer, both of which proved very gratifying to the club members.

The election of officers resulted as follows:

Hon. Presidents—Hon. Frank Oliver, Hon. C. W. Cross, John A. McDougall, M.P.P., Hon. Senator Roy. Hon. Vice-President—Jas. A. McKinnon.

President—C. F. Race.  
First Vice-President—Geo. B. Henwood.

Second Vice-President—R. V. Bellamy.

Third Vice-President—Walter Cundy.

Secretary—Frank L. Day.

Treasurer—E. Chauvin.

Directors—Dr. O. Strong, Wm. Rea, W. C. Bradburn, K. B. McKenzie, Jos. Adair, Pat. Dunne, John Somerville Jr., H. J. Clark, C. Miller, Hon. Duncan Marshall, Jos. Adair, Ralph Bellamy, Pat. Dunne.

President-elect Race took the chair for the latter part of the evening and called for stirring political addresses. Among those who spoke were J. A. McDougall, M.P.P., H. Milton Martin, Hon. Duncan Marshall, Jos. Adair, Ralph Bellamy, Pat. Dunne.

It was apparent from the enthusiasm displayed at last night's meeting that the Club will occupy its new quarters in the basement of McDougall Court on Monday next under the most favorable conditions. There will shortly be installed the nucleus of a library, so that the club, besides being a political organization, will present social and educational advantages to its members.

## LACOMBE MAN JAILED

Failed to Pay Alimony and His Wife Took  
Action Against Him

Toronto, Jan. 29.—Right Scott Perry of Lacombe, Alberta, was released from Peterboro jail today on an order granted by Justice Clute. Perry's wife had obtained judgment for alimony against him some years ago, which he never paid, claiming that he was ill and had not been able to attend the trial. He returned to Peterboro this month hoping to effect a reconciliation but negotiations failed and his wife had him jailed under the Absconding Debtors' Act.

## THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

G. F. McNally of Wetaskiwin returned to Strathcona on the late train last evening. He will leave on Sunday to continue his work of inspecting.

The contract for house numbering has been awarded to J. M. Eaton. The work will be done as quickly as possible. The business and residential portions of the city will be numbered, also Waterdale.

Rev. J. C. Bowen, chaplain of the curling club, will preach to the curlers in the Baptist Church on Sunday at 7.30.

The rink representing Strathcona at the Port Saskatchewan "spoil" was successful in landing the Merchants Cup. The rink was composed of Rev. George, Rev. Bowen, W. B. Allison and McMahon (skip).

The St. Marys hockey club, Calgary, play here tonight at nine p.m. The local team will probably consist of: Goal, Clarke or Humeston; point, Kait; cover, McLeod; right wing, Newman; centre, Sulistand; rover, McArthur; left wing, Graham.

In the Metropolitan Methodist Church on Sunday evening Rev. H. E. Gordon will preach the third sermon of the series, viz.: "Basilin, the Bribed Young Man."

On Thursday morning the death occurred of the infant son of J. J. McKenzie. The funeral took place in the afternoon.

Mrs. S. McRae is confined to her bed with a severe cold.

The Strathcona Collegiate Institute hockey team defeated Alberta College last night by a score of 18-9. The game was never in doubt, but it gives the Collegiate team a good practice for the game against Edmonton High School next Saturday. Jas. Sutherland was able to play again for the first time since he suffered his accident.

In the Metropolitan Methodist Church last evening was delivered the best temperance lecture ever heard in the city. Mr. Clinton N. Howard is certainly master of the subject, his delivery is very forcible and he has

a true way of expressing himself that causes the memory to retain his words. The rapidity with which he changes from grave to gay is little short of marvellous. At one moment he has the audience smiling, the next in tears.

At the close of the lecture a collection was taken up for the furthering of the temperance movement, which amounted to about \$100.

The hall held last evening in the Oddfellows' Hall proved a very enjoyable function. A large crowd of Strathcona people was present and tripped the light fantastic until the

early hours of this morning. The music was furnished by Lynch's Orchestra. About 100 couples were there, among whom was a slight load of young people from Edmonton.

## ICELANDER RHODES SCHOLAR

Winnipeg, Jan. 29.—J. T. Thorson, an Icelandic student at Manitoba College, was nominated today for the Rhodes scholarship committee. This is the second Icelandic student to receive the honor.

The C. P. R. announce that single fare return tickets will be on sale at all Alberta points for the Edmonton-Strathcona bonspiel, February 1st to 15th. Tickets will be on sale on January 31, February 1 and 2. The final return limit is February.

## You Would Like to Know a Sure Way to Increase Your Business in 1910---

Perhaps we can help you figure it out. At the outset of the year the merchant has a natural ambition to make the coming twelve-month more profitable than the past. Business competition is becoming fiercer but it is also becoming more profitable—for those who do the business.

It is all in doing the business. Are you satisfied with what you are doing or do you want to do more? If you are ambitious to make 1910 a record year; if you want to see business grow, you must get more customers. Advertising will help you get these new customers. If you get them, have you confidence in yourself and your business that you can keep them? If you haven't that confidence don't advertise, but if you are satisfied you can live up to publicity that draws, now is the time to

Bring Out Some Strong Speeches in U. S. Senate—Lodge Blames Chicago Packers

High prices of meat fit a p... Washington, Jan. 29. — Senator Henry Cabot Lodge, of Massachusetts, broke loose in the Senate yesterday and attacked the Chicago packers in terms that for him were violent. He said these gentlemen whose status is now being investigated by the federal grand jury, as responsible for the high price of meat, were a trust and said they fixed prices and intimated that he hopes they will go to jail for their sins.

Senator Alden Smith of Michigan made the same threat of free meat and free cattle against the packers, and told the Democrats that if they suggested such a course he would, if he could, control the Republic side and "call their bluff." He agreed with Senator Lodge, however, that such action would be ineffective as the packers have a combination that is superior to the tariff and he hoped they might get what is coming to them in another way.

Senator Bacon of Georgia and other Democrats attacked the tariff generally. Senator Bailey of Texas saying for one that he hoped the high prices would continue and Senator Carter of Montana put the blame for high prices on the tendency of the country boy to go to the town.

CLINTON B. HOWARD

Who is Clinton B. Howard, who is to give two lectures in the Opera House next Sunday, Jan. 30th, at 3 o'clock and at 8:30? Let the people from his home city of Rochester, N.Y., answer:

"Clinton B. Howard fired the first thirteen inch campaign gun yesterday afternoon, announcing the beginning of his fall campaign. The auditorium was crowded to the doors, and the enthusiasm at all times keen and refreshing. It was Mr. Howard's one hundred and forty-third lecture in Rochester in five years, and was just what was expected of him—very epigrammatic, and powerful.—From the Rochester Democrat and Chronicle.

His Three Hundredth Lecture in Rochester, December 9th, 1907.

All who could crowd into the auditorium were there to hear Clinton B. Howard at the mass meeting yesterday afternoon, Sunday, December 9th. Hundreds of men and women stood until he had finished his address. The meeting was the usual animated one, with ready applause and fervent expressions of approval.

On the pulpit with Mr. Howard was a long line of clergymen, who rose and took out their handkerchiefs to wave when Mr. Howard entered the building. The whole audience rose up and applauded until he raised his hands requesting that the demonstration end.

Dr. J. Wilber Chapman says of him: "I consider him one of the greatest speakers of the day. Three times he thrilled our great audiences: Civic, Temperance and International Bible Conference. All agree with me in saying that all of the men we have ever had, none have been more highly satisfactory. We eagerly await his return next year.

Mr. Howard is making a tour of the province and will give two lectures in the Opera House as mentioned above, next Sunday. His Honor, Lieutenant Governor Bulaya will preside, and music and songs will be interspersed to enliven the hour. Those who fail to avail themselves of this opportunity of hearing one of the world's greatest lecturers will miss the event of a lifetime. Every body welcome.

### BIBLICAL BASEBALL

Speaking of baseball, it may not be known generally that the Bible mentions the art in the last chapter of the second book of Kings, which says: "And it came to pass in the ninth year of his reign, in the tenth month, in the tenth day of the month, that Nebuchadnezzar, King of Babylon, came, he and all his host against Jerusalem, and pitched against it."

This event occurred about 2,500 years ago, although some historians say that the game is only about 50 years old. The subject is not mentioned again in the authority quoted, so it is not possible to state in what league the rival cities were, or who were other members, or who won the game mentioned. However, all fans would do well to study the matter up and get wise.—Toronto Globe.

"I owe my success to newspaper advertising"

"Newspaper advertising is the secret of my success"

# The Business That Isn't Worth Advertising Isn't Worth Running

## The Successful

John Wanamaker once said to a young business man who sought his advice: "I owe my success to newspaper advertising. I know that I can reach the eyes of more purchasers that way than in any other."

There is a whole business sermon in those two sentences. The secret of successful newspaper advertising is three-fold: First, in having the goods the people want; second, the price; third, the ability to attract your readers. And the way to attract them is to follow Mr. Wanamaker's advice and use the newspapers—they are your salesmen.

Mr. Wanamaker certainly must know.

One time some one asked Mr. Wanamaker why he considered the newspaper the best "puller" for the merchant. He said: "As I have spoken before, newspaper advertising is the secret of my success. Each copy is a salesman calling attention to the stock of the advertiser. How many homes are there today where the first thing they do is to look at the merchant's advertisement, whether it is the clothier, drygoods man or the furniture dealer? Let me tell you, my son, any successful advertiser in the press can answer that question, and can answer it mightily optimistically, too."

## Does This Interest you

Tommy needs a new suit—is it your advertisement Mrs. Household is looking over, or is it the other man's, down the street, who lately has been forced to break ground for more space and big improvements? Sister Wants a new dress—was it your advertisement they sought? Mrs. Bargainday rushes in the house calling attention to the low-priced muslin on sale Tuesday afternoon. Whose advertisement was that? Yours?

Any kind of advertising is good, but newspaper advertising is just a little bit better.

The newspaper is the indispensable backbone of many advertising campaigns. A man buys a newspaper because he wants it. It's a necessity. Magazines or weekly papers may be a pretty essential luxury, but they can hardly be termed a necessity.

The man who finds that advertising doesn't pay is generally the one who has nothing worth selling.

The Edmonton Daily Capital, which was born on the 13th day of December, 1909, is now being read in over 2400 homes in the Cities of Edmonton and Strathcona.

## The Unsuccessful

The man who never advertises is always bemoaning hard times. "No business," "Everything is dead," "Can't pay expenses," these being his daily and favorite expressions.

The real cause of this is the fact that the people do not know what these merchants have to offer. Three-fourths of the purchases that are made today are made because the attention of the shopper is called to some article that interests her and she is made to believe she must have it.

**The Edmonton Daily Capital has a rate that is based on its circulation---and the same rate applies to everyone**

Three hundred miles north of Edmonton in the Grouard settlement at the western extremity of Lesser Slave Lake, there will be built the most northerly Methodist church in Canada, east of the Rocky Mountains. For seven months Rev. F. W. H. Armstrong, a young and vigorous "sky pilot" from Victoria College, Toronto, has been laboring in the Lesser Slave Lake district, as the home missionary sent out by the Clover Bar field. He has preached on alternate Sundays in the Grouard and Prairie River settlements to congregations varying from twenty to thirty people at each place. Prairie River has devoted a splendid school building to the Sunday service but the people of Grouard have not been so blessed in this respect.

Swingst he Axe.

True to the constructive instinct of the pioneer preacher, Mr. Armstrong set himself to the task of building a church. In the past two months he has been felling trees in the neighboring forest and hauling them to the sawmill, where an arrangement was made with the owner that he was to get half the lumber for saving the logs. With the lumber piled on the site of the new church there was the problem of getting many things which the settlement could not provide. There were the doors and windows, nails, hinges and interior furnishings, which required a trip to Edmonton to be procured.

This was the mission which brought Mr. Armstrong to Edmonton. He made the journey with a freighter on the river trail to Athabasca Landing and then south, a total distance of over three hundred miles in thirteen days. On arriving in Edmonton he addressed a week day meeting in McDougall Methodist church, on his work in the mission field. The meeting voted him the necessary doors, nails, locks and hinges for his new church and asked the privilege of paying for the freight as well. At Grace church, a gratuitous donation of a cook stove was made and the Women's Missionary Society of Wesley Methodist church has undertaken to furnish the parsonage.

Return With Cargo.

Mr. Armstrong expects a freighter to be in on Monday and by Tuesday morning he expects to have everything ready for the long return journey to Lesser Slave Lake Mission.

"All eyes in the north are on Edmonton," said Mr. Armstrong to the Capital. "There is a feverish interest in any talk of railroads or wagon-roads to the north, and the settlers are in great need of them. At present the only feasible route into the north country is by Athabasca Landing and along the river trail. This is where settlement lies and where the country should see the earliest development. On the 300 mile trip we were passing freighters every day on a trail which was as good as Jasper avenue."

### WHY WORKINGMEN ARE UNEMPLOYED.

While considering this problem, I happened to come across an article in an English newspaper headed as above, and naturally I read it through eagerly—only to find the reason given was "Lame Backs, to be cured by Mother Siegel's Famous Syrup!" Of course that doesn't always "touch the spot." There are other causes and other remedies, the most evident cause of unemployment, at the present time being the method of production now in vogue, a system which permits the few to control the many, and to say when the many shall work and when they shall not; by allowing them to work they produce no profit for their masters, then work is closed, and workmen remain idle until such profit can be produced—until some of the surplus stock is disposed of that created the work.

Years ago, before the introduction of modern machinery, when everything was produced in a slow, crude way, by hand labor, panics, hard times and unemployment were hardly heard of.

Then, most goods were ordered before they were made; now made before they are ordered.

Under the old system people were able to produce wealth without un-

employment, how is it that today, when one man with the aid of machinery can produce enough for twenty people, poverty and famine is under discussion on every hand and by all classes?

Then every worker owns his tools and worked under comparatively free conditions.

Now the tools are owned by one small part of the people, and the rest are compelled to work crowded in factories, mills, mines, etc., whenever and for whatever this small class dictate.

"Therefore we see the cause of unemployment is the present senseless, planless, wasteful system of production, where in a given time more wealth is created than can be used, therefore resulting stagnation, with idleness and poverty for the working class."

Naturally we ask: Is there no remedy? Some advocate immediate relief either by private charity, or the finding of work by the state. The latter method of course is preferable if practicable, but the only way of removing unemployment that I can see is for the whole working class to own the tools and machinery of production; when they do that we shall have what we are looking for.

### SOCIALISM.

### POLICE COURT.

Friday before Police Magistrate Cowan, J. Morgan appeared for refusal to pay wages amounting to \$20 to William Webster. The case was adjourned until February 4th. He was also charged with refusal to pay wages \$12 to Edward Stetler, and in this case was ordered to pay \$12 and costs \$3 or dismissed.

## IS DUTCH HENRY STILL ALIVE?

Story of a Thrilling Night Duel  
Comes From Southern Saskatchewan Town

Milestone, Sask., Jan. 25.—Is "Dutch Henry," the notorious horse rustler, still alive? In the opinion of Constable Morse, of the R. N. W. M. P., stationed at Milestone, he is very much so.

The reported shooting of the outlaw in the Big Muddy district recently, and the subsequent denial of the report has brought to light a thrilling night duel, with pistols, in which Constable Morse and an individual, supposed to be "Dutch Henry" figured near Milestone only a few days ago.

Suspicious characters have been known to be in the neighborhood for some time. The constable's repeated attempts to get in touch with them have been fruitless. But one night recently, while Morse was out for a night ride, scouring the country, something happened. The constable had been riding about for some hours, and at midnight decided to enter a shack, and if possible secure a sound nap. He got into the shack all right, but there was no coal to be found with which to light a fire. Curling himself up on the floor he attempted to go to sleep. But the cold made sleep impossible. Resolving that it was better to keep in the saddle than freeze to death in a shack, he, about 2 a.m., mounted to his horse and rode away.

The night was as dark as it was cold. Suddenly, before the constable had gone many yards from the shack,

a voice rang out loud and clear, upon the night air, "Good evening, sir, what are you doing here?" Before Morse had time to reply, there was the flash of a pistol in the darkness and a bullet pierced the top of the constable's hat.

There was no need for further introduction. The constable quickly returned the fire in the direction of his assailant, who immediately started to ride away, firing as he fled. Morse kept his pistol busy while he pursued, but in the darkness his man was soon lost to view and nothing further resulted.

The constable, it is said, is confident his assailant is none other than "Dutch Henry," and hopes of his capture are not yet despair of.

### MORAL REFORM CONVENTION

The Alberta Temperance and Moral Reform league will hold its fourth annual convention in the First Baptist Church, Edmonton, on Wednesday and Thursday, February 2nd, and 3rd, 1910. The convention of 1910 will deal with some of the most important problems that have ever been before the province. The formulation and adoption of a virile and aggressive policy may be anticipated. The interest of the convention will be greatly increased by the presence of Rev. Joseph H. Oliver, of Regina, who will give an address on Wednesday and Thursday evenings, to which the public are cordially invited.

Mr. Oliver is one of the ablest orators in Canada and his advocacy of Temperance and Moral Reform is a valuable aid to the work in Ontario, and other parts of the Dominion. Following is the programme as outlined.

Wednesday, February 2.  
9.30 p.m.—Opening session; registration of Delegates; organization of convention; appointment of convention committees; reception of resolutions to be referred to convention committees. Adjournment for meeting of committees.

8 p.m.—Public meeting; report of they ear's work; address by the president; address by the Rev. Joseph H. Oliver, of Regina.

Thursday, February 3.  
9.30 a.m.—Convention session: reports of committees, and general business.

Afternoon—Deputation to wait upon premier and members of the Alberta government; time to be announced.

8 p.m.—Public meeting; address by the Rev. Joseph H. Oliver, of Regina; closing of convention.

### CALEDONIAN SOCIETY

Thursday night the members of the Caledonian Society held their usual monthly dance in the Separate School hall, a large number of members and friends enjoying themselves to the utmost from 8.30 p.m. till 2 a.m. When one considers that this week the Caledonians held a banquet which stands second to none in the history of the Society and two nights later held a successful dance it proves that the Scotchman's thirst for social enjoyment is hard to quench and the committee is well repaid for their labors by the strong support of the Society. Messrs. Martin and Torrance acted as M.C.'s in a most efficient manner. The music was supplied by Sloan's Orchestra.

There will be a band at the Thistle (Rink) this afternoon and evening. The ice is in splendid condition.

The regular monthly dance of the "Squadron," 9th A.M.E., will be held at Mechanics' Hall on Tuesday, February 8th.

A meeting of the Edmonton Exhibition executive will be held in the Board Room, McDougall Court, on Monday next.

Thursday night's results in the points competition at the Granite rink were: McElduff, gold button with 35 points; A. W. Johnson, silver button with 34, and Russell Johnston the bronze with 29.

"Twelfth Night" was greeted by a large audience at the Empire last night, the success of the previous evening being repeated. A mixture and an evening performance are being given today.

W. A. Irwin and his rink of Granites returned from Fort Saskatchewan Thursday afternoon, and they did not return empty-handed. Far from it, for they won the Grand Challenge Trophy, which represents the bonspiel championship.

Raymond Webber, the sixteen-year-old youth held by the Mounted Police for breaking into Johnson's store, Xanadu, on the night of January 27, pleaded guilty to the charge this morning. The preliminary hearing takes place Monday morning at the Mounted Police barracks.

For the convenience of curlers, the Twin City Bonspiel committee will open an office at the corner of McDougall and Jasper avenues on Monday in the store formerly occupied by the Quick Exchange Realty Co. Bonspiel Secretary R. A. Dewar will be in charge.

Mr. Vernon Barford's piano pupils give their usual monthly recital this evening in All Saints' school-room, commencing at a quarter past eight. They will be assisted by Mr. A. M. Lamond, who will sing two numbers. These recitals are open to all interested in music.

Dr. A. L. Campbell, of London, after having spent two years' post graduate work in large American hospitals, has opened offices at the corner Alberta avenue and Kirkness street, phone 464. Dr. Campbell has made a special study of anaesthesia and diseases of women, having been associated with the celebrated Dr. Dewitt Wilcox, of Boston; Matthew D. Mann and Roswell Park of Buffalo.

Hornor's rink was crowded last evening to capacity by a crowd of pleasure seekers in attendance for the carnival. The costumes were numerous and representative. The prize winners were: Mrs. Johnson, A. V. Dunham, Miss Berg, Harold Merrick, Ethel Ross, P. Carreau and Madame Raymond. The judges were W. T. Matheson, L. D. Farney and L. S. Barrette. Their decisions were well received by all the competitors.

A Serbian named Milan Olenovic appeared today before Police Magistrate Cowan charged with being drunk and disorderly. Prisoner, who intimated that he could not speak English, pleaded guilty to the charge of drunkenness, but denied being disorderly. Constable Mear said that the man was very disorderly and was insisting on fighting another man, besides dallying arrest. Magistrate Cowan ordered him to pay \$5 fine and \$1 costs. Before leaving, after paying his fine, the Serbian was told that he would be given 24 hours to leave town.

Among the judgments given by the Supreme Court on the line this morning was that affecting the position of a Leithbridge solicitor in the ranks of the Alberta Law Society. The court held that the solicitor should remain suspended until the end of the next sitting of the court after the long vacation, which will be until next fall. In the meantime the defendant is requested to return \$98.20 to the Cardston Trading Co., in addition to the

## TEN STORY BUILDING

To be Erected by the Grand Trunk Pacific in Montreal

Montreal, Jan. 29.—It is announced that the property on St. James street, opposite the post office and owned by the Seminary of St. Sulpice, has been leased for ninety years by the Grand Trunk Pacific and that the work of constructing a ten story building will be commenced in the spring. The property occupies the whole block in the most central portion of the city, bounded by St. James' Notre Dame, St. Francois Xavier streets and the place D'Armes, and the new building will be one of the finest in the city. On the site of the old St. Lawrence Hall on the opposite corner the Canadian Pacific will erect a ten-story building, while the Yorkshire Insurance Co. will erect a new building opposite the St. Lawrence. Over a million dollars will be spent on new buildings.

R. L. Shaw, M.P.P. for Stettler, is on a visit to his old home in Oregon. "Former residents of the United States are prominent in the development of the Alberta country," said Mr. Shaw, in an interview with a Portland paper. "They comprise a considerable proportion of the population around Stettler. We are all classed as 'Yankees' up there. I suppose it is natural that we should drift into the politics of the country. I am affiliated with the Liberal party, that went into power at the last election on the railroad bond issue and am one of three men born in the United States who have been made members of parliament."

## EDMONTON'S OPPOSITION

Likely to Put a Quiet on Bill of the International Waterways Company

Ottawa, Jan. 29.—The feature of yesterday's sitting of the Commons was the discussion upon a bill promoted by James Connors, which seemed to Mr. Pugsley and others, who took part, to have for its object the alienation of a great natural asset in the form of control of the waters of Rainy River, Rainy Lake, Lake Winnipeg, Lake Manitoba and up to the Saskatchewan river. The bill was talked out, but a great fight over it on Monday is in prospect. In view of the opposition of the Minister of Public Works, however, it is unlikely that it will go through.

On the second reading of the bill to incorporate the International Waterways Canal and Construction Company, Hon. Wm. Pugsley protested strongly against this bill, which is promoted by James Connors.

He said he had received a communication from the city of Edmonton urging that the bill be not allowed to pass, on the ground that it gave exclusive rights and control over the Saskatchewan river. Mr. Pugsley argued that it would be a grave mistake to give to a private company such extensive powers as those sought by the bill. If passed, it would give the company control of the waters of Rainy lake, Rainy river, Lake Winnipeg, Lake Manitoba, and up to the Saskatchewan.

Mr. Connors explained that the object of the bill was to make a navigable waterway from Rainy river, Lake of the Woods, into Lake Winnipeg and the Saskatchewan river. It was not proposed to have special control over navigable streams.

Dr. Spruille said that having regard to policy, federal and provincial, regarding the water power it was contrary to public interest to hand over these national assets to private individuals.

W. S. Middleboro and A. C. Boyce declared that the bill sought to acquire powers vested under the Ontario and Michigan power bill last session.

## C. P. R. TELEGRAPH LINE

Connection Made Yesterday on the New Wire Between Edmonton and Winnipeg via Wetskiwin

The two cities of Edmonton and Winnipeg, some 800 miles apart, formed another and more intimate bond of union yesterday when the new C.P.R. telegraph line from Winnipeg via Saskatoon and Wetskiwin was inaugurated. This line is to be set apart for the present for exclusive use between the two cities and thus renders it possible to get a telegraphic message through from Edmonton to Winnipeg on very short notice. On the other lines in use there are ways places which obstruct a direct connection, in some cases for several hours.

The Capital is informed that the telegraph line is not much in advance of the actual operation of this new C.P.R. road. The roadbed is all finished and the expectation is that within four weeks' time passengers for Winnipeg will be taken over this new trans-prairie route.

Mr. Howard Stutchbury will render a solo at the lecture by Clinton N. Howard tomorrow at 3 o'clock in the Opera House.

Mr. Alfred McLeas will render a solo at the evening lecture by C. N. Howard at 8:30 in the Opera House.
